

Flat Eggshell

eicó Flat Eggshell is a high quality waterborne enamel paint suitable for wooden and metal indoor surfaces, that can also be used for painting interior walls. It dries to a non-yellowing, flat eggshell finish and gives the surface high resistance and hardness. It has excellent colour retention, low dirt pick-up and good washability. Flat eggshell is NFE0 and solvent free with low VOC ratings($\leq 5.5\%$). EU limit for this product(CatA/d):150g/ltr(2007)/130g/ltr(2010). This product contains max. 70g/litre VOC (measured at 250°C).

AREA OF USE

Interior: walls, ceilings, primed wooden and metal surfaces.

Substrates: wood, metal, concrete, cement, rendered plaster, plasterboard, lining paper, glass fibre, particle-board.

APPLICATION

The surface must be stable, dry and free of dust, sand, loose old paint, dirt, grease and oil. On rough surfaces, it may be necessary to dilute the paint by about 10% with fresh water. Prime the surface with suitable primer. Use only where application and drying can proceed at temperatures above 7°C (preferably 10°C or more) with relative humidity below 85%. Surface temperature should be between 7–35°C.

TECHNICAL INFORMATION

Gloss level: 15 semi-matt

Coverage: 6-10m²/litre

Volume solid: 40%

Solvent/Cleaning of tools: water

Drying time: 2-3 touch dry

Recoating time: Min. 6-8 hours (depending upon temperature and relative humidity)

SAFETY

Handle with care. Consult Material Safety Data Sheet and follow all local or national regulations. Avoid inhalation and contact with skin and eyes. Do not swallow. Take precautions against possible risks of fire and explosion, as well as protection of the environment. Apply only in well-ventilated areas. Do not paint if the surface is colder than +7°C. Once opened, keep can tightly sealed. Wipe away as much paint as possible from painting tools before cleaning with water. Liquid paint waste must not be poured down the drain – dispose of it according to local regulations. Hand in empty cans to your nearest recycling depot.

KEEP AWAY FROM CHILDREN

ENVIRONMENTAL PROTECTION

The product is not classified as dangerous for the environment. The product should not be allowed to enter drains or water courses. Dispose in accordance with regulations from local authorities.
